## NOTES TO FINANCIAL STATEMENTS

### Organization and Background

Financial Guaranty Insurance Company (the “Company” or “FGIC”), a wholly owned subsidiary of FGIC Corporation (“FGIC Corp.”), is a New York stock insurance corporation regulated by the New York State Department of Financial Services (the “NYSDFS”), which assumed the functions and authority of the New York State Insurance Department (the “NYSID”) on October 3, 2011. The Company provided financial guaranty insurance and other forms of credit enhancement for public finance and structured finance obligations. FGIC UK Limited (“FGIC UK Ltd.”) is a wholly owned United Kingdom insurance subsidiary of FGIC that was engaged in the business of writing financial guaranties in the United Kingdom and in other European Union member countries.

Based on FGIC’s reported statutory surplus deficit as of September 30, 2009, on November 24, 2009, the NYSID issued an order pursuant to Section 1310 of the New York Insurance Law (the “Insurance Law”) requiring FGIC, effective that day, to suspend paying any and all claims, not to write any new policies and to operate only in the ordinary course of business and as necessary to effectuate its plan to eliminate its policyholders’ surplus deficit. FGIC developed a comprehensive surplus restoration plan that it submitted to the NYSID, but ultimately FGIC was unable to implement the plan and eliminate its policyholders’ surplus deficit.

On June 28, 2012, the Supreme Court of the State of New York (the “Rehabilitation Court”) issued an order of rehabilitation pursuant to Article 74 of the Insurance Law (“Article 74”) placing FGIC in rehabilitation (see Note 21).

FGIC Corp. reorganized under Chapter 11 of the United States Bankruptcy Code from August 3, 2010 until emergence on April 19, 2013 (the “Chapter 11 Effective Date”). On the Chapter 11 Effective Date, the transactions contemplated under the Plan of Reorganization for FGIC Corp. (the “Reorganization Plan”) were consummated. None of the subsidiaries or affiliates of FGIC Corp., including FGIC, were subject to FGIC Corp.’s Chapter 11 case.

### Note 1 - Summary of Significant Accounting Policies

The March 31, 2013 quarterly statement should be read in conjunction with FGIC’s 2012 annual statement, including the notes therein. The December 31, 2012 balance sheet was derived from audited financial statements, but does not include all disclosures required by SAP for annual periods.

Certain amounts have been reclassified in prior years’ financial statements to conform to the current presentation.

Effective for quarterly and annual periods beginning January 1, 2012, the NAIC adopted Statement of Statutory Accounting Principles (“SSAP”) No. 101, *Income Taxes, A Replacement of SSAP No. 10R and SSAP No. 10* (“SSAP 101”). SSAP 101 increases the level of conservatism in the accounting for tax loss contingencies, eliminates the deferred tax asset eligibility test in SSAP No. 10R, and significantly alters each of the three components of the admissibility limitation. The adoption of SSAP 101 did not impact the Company’s statutory surplus.

The Company has determined either that it does not intend to hold certain fixed income securities until their fair value exceeds their amortized cost or that it intends to sell, or it is more likely than not that the Company will be required to sell, certain fixed income securities before recovery of their amortized cost basis. The Company has recorded other-than-temporary impairment losses of \$4.0 million and \$0.4 million on its fixed income securities for the three month period ended March 31, 2013 and 2012, respectively. These losses are included in “Net realized capital gains or losses net of tax” in the Statements of Operations and represent the difference between the amortized cost basis of these securities and their fair value at the balance sheet date.

The amortized cost and fair value of investments in bonds at March 31, 2013, by contractual maturity date, are shown below. Expected maturities may differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

NOTES TO FINANCIAL STATEMENTS

Note 9 – Income Taxes

The Company files a consolidated U.S. federal income tax return with FGIC Corp. The method of allocation between FGIC Corp. and FGIC is determined under an amended and restated income tax allocation agreement approved by the NYSDFS, and is based upon separate return calculations.

The following is a reconciliation of current federal income taxes computed on loss before provision for federal and foreign income taxes at the statutory rate and the provision for current federal income taxes.

	Three Months Ended March 31,

The composition of total tax expense (benefit) for the three month period ended March 31, 2013 and 2012 is as follows:

	Three Months Ended March 31,

	<i>In thousands</i>	
Current:		
Federal	\$ –	\$ –
Foreign	89	(476)
Federal and foreign income tax expense (benefit)	\$ 89	\$ (476)

There was no change in net deferred income taxes, inclusive of non-admitted assets, for the three month period ended March 31, 2013 and 2012.

As of March 31, 2013, the Company had a domestic net operating loss (“NOL”) carryforward of \$4.2 billion for federal income tax purposes, which will be available (subject to the limitations discussed below) to offset future taxable income. If not used, the NOL will start expiring in 2027 through 2031 depending on the originating year.

FGIC’s ability to utilize its NOLs will be limited if an “ownership change” under Section 382 of the Internal Revenue Code (“Section 382”) were to occur. Section 382 limits the ability of a corporation that experiences an ownership change to utilize its NOLs and certain built-in losses after the ownership change. An ownership change is generally any change in ownership of more than 50 percentage points of a corporation’s stock over a rolling 3-year period. Generally under Section 382, upon an ownership change, the amount of taxable income that a corporation can offset by its “pre-change losses” (which include its NOLs) is restricted to an annual amount equal to the equity value of the corporation immediately prior to the ownership change multiplied by the long-term tax-exempt rate.

Notwithstanding Section 382’s restriction on a corporation’s use of NOLs, Section 382 provides significant relief to a corporation if an ownership change occurs in the context of a Chapter 11 case. Specifically, section 382(l)(5) of the Internal Revenue Code provides that a corporation under the jurisdiction of a court in a Chapter 11 case is not subject to the general limitations imposed by Section 382 if historic stockholders and/or the corporation’s “qualified creditors” own at least 50% of the total value and voting power of the corporation’s stock after the ownership change occurs (the “Section 382(l)(5) Exception”). The ownership change of FGIC Corp. and FGIC that occurred on the Chapter 11 Effective Date when the then existing

NOTES TO FINANCIAL STATEMENTS

equity in FGIC Corp. was cancelled and creditors of FGIC Corp. acquired the new equity of reorganized FGIC Corp., qualified for the Section 382(l)(5) Exception.

The amount of federal income taxes incurred and available for recoupment in the event of future losses is \$0.

In accordance with SSAP 101, *Income Taxes, A Replacement of SSAP No. 10R and SSAP No. 10* (“SSAP 101”), the Company evaluates its deferred income tax asset to determine if valuation allowances are required. SSAP 101 requires that companies assess whether valuation allowances should be established based on the consideration of all available evidence using a “more likely than not” standard. In making such judgments, significant weight is given to evidence that can be objectively verified. Management believes it is more likely than not that the amortization of the net unearned premium reserve, collection of future installment premiums on contracts already written, and income from the investment portfolio will not generate sufficient taxable income to realize the entire deferred tax asset that currently exists. Accordingly, a full valuation allowance was established against the Company’s domestic net deferred tax asset of \$1.7 billion as of March 31, 2013. The Company will continue to analyze the need for a valuation allowance on a quarterly basis.

The following table presents the total of deferred tax assets and liabilities by tax character:

	March 31, 2013	December 31, 2012

### Note 11 - Debt

None.

### Note 12 - Retirement Plans, Deferred Compensation and Other Postretirement Benefit Plans

No significant changes from 2012 Notes to Financial Statements.

### Note 13 - Capital and Surplus and Shareholders' and Policyholders' Dividend Restrictions

FGIC was in a policyholders' surplus deficit position of approximately \$2.7 billion and \$2.6 billion at March 31, 2013 and December 31, 2012, respectively. See Note 21 for further information.

In addition, as of March 31, 2013, FGIC's aggregate net liability under its insured exposures continued to exceed the aggregate risk limit prescribed by the Insurance Law and FGIC's insured exposure under certain individual policies continued to exceed the applicable single risk limits prescribed by the Insurance Law.

FGIC's ability to pay dividends on its common stock and on its preferred stock to the holders thereof is subject to restrictions contained in the Insurance Law. Due to FGIC's statutory earned surplus deficit at March 31, 2013, FGIC does not currently have the capacity to pay dividends on its common stock or preferred stock. See Note 21 for additional information.

## NOTES TO FINANCIAL STATEMENTS

### Note 14 - Contingencies

In *City of Phoenix v. Ambac Financial Group, Inc., et al.* (United States District Court, District of Arizona, filed on or about March 11, 2010), FGIC, MBIA Insurance Corporation ("MBIA"), and Ambac Assurance Corporation ("Ambac") are named as defendants in a lawsuit in which the plaintiff asserts causes of action based principally on the defendants' alleged violations of Arizona insurance law prohibiting unfair discrimination in the rate or amount of premium charged. FGIC filed an answer to the complaint in May 2010. Fact discovery has been completed. Plaintiff has explicitly acknowledged that it is bound by the Rehabilitation Order (as defined in Note 21 below) and that the Rehabilitation Order has effected a stay of plaintiff's litigation against FGIC. Plaintiff and FGIC have, therefore, agreed that neither party will pursue expert discovery or engage in motion practice against each other until such time as the injunction in the Rehabilitation Order is lifted. On November 29, 2012, FGIC filed a notice of acknowledgment of injunction with the court.

In *Wilson v. JP Morgan Chase & Co., et al.* (Circuit Court of Jefferson County, Alabama, filed on or about June 17, 2008), FGIC and a number of other defendants were named in a purported class action case on behalf of customers that paid for sewer service within Jefferson County, Alabama ("Jefferson County"), since January 1, 1993. The complaint alleges, inter alia, that the Jefferson County Commissioners, in a conspiracy with several individuals, financial companies, law firms and bond insurers, refinanced certain fixed-rate sewer system warrants with a combination of variable rate and auction rate sewer system warrants that were hedged by interest rate swaps. These transactions, the complaint alleges, were purportedly done to facilitate the payment of fees to several bond brokers and financial advisors that in turn were paid to certain Jefferson County officials. With respect to the bond insurers, including FGIC, the most recent amended complaint alleges, inter alia, that the bond insurers were undercapitalized and failed to make payments to certain holders following Jefferson County's payment default on certain of its sewer system warrants. The plaintiffs seek rescission of the warrants and a declaration "that payments pursuant to all contracts for insurance and reinsurance be honored and payment thereunder be used for the use and benefit of the rate payers to the Jefferson County sewer system." FGIC's and the other defendants' motions to dismiss the complaint for lack of standing were denied in January 2011. On December 15, 2011, based upon FGIC's filing for removal of the case, the case was transferred to the U.S. Bankruptcy Court for the Northern District of Alabama, Southern Division, which is hearing the Chapter 9 bankruptcy proceeding commenced by Jefferson County (the "Chapter 9 Proceeding"). On December 22, 2011, FGIC filed an answer to the complaint. On April 10, 2013, the bankruptcy judge stayed the case during the pendency of the Chapter 9 Proceeding.

In *Bennett, et al. v. Jefferson County, et al.* filed on or about September 6, 2012, and thereafter amended (Case No. 11-05736-TBB9, Adv. No. 12-00120-TBB), in the U.S. Bankruptcy Court for the Northern District of Alabama, Southern Division, plaintiffs commenced a purported class action adversary proceeding within the Chapter 9 Proceeding against FGIC and certain other defendants on behalf of Jefferson County sewer system ratepayers. Plaintiffs are seeking, inter alia, declaratory judgments invalidating certain Jefferson County sewer system warrants (certain of which are insured by FGIC) and/or the liens on sewer system revenues securing such warrants and monetary damages relating thereto. On November 19, 2012, FGIC and certain other defendants filed a motion to dismiss the case on the basis of, inter alia, plaintiffs' standing. At a December 6, 2012 status conference in the Chapter 9 Proceeding, the plaintiffs voluntarily dismissed (with prejudice) all monetary damage claims against FGIC and the other defendants. On April 4, 2013, plaintiffs filed a second amended complaint that omitted FGIC as a defendant.

In *Museum Associates, dba Los Angeles County Museum of Art v. Financial Guaranty Insurance Co.* (United States District Court for the Central District of California, filed on or about November 4, 2008), plaintiff alleges, inter alia, that it incurred increased interest costs in respect of its FGIC-insured auction rate securities as a result of misrepresentations by FGIC concerning its exposure to securities backed by residential mortgages and the risk of a downgrade of FGIC's credit ratings. The case has been stayed voluntarily by the parties since early 2010.

In April 2009, a monoline insurance company from which FGIC assumed certain risks under a facultative reinsurance agreement demanded arbitration to resolve certain disputes relating to the reinsurance agreement and such company's demand for a \$46 million termination payment from FGIC. The arbitration has been dormant since early 2010.

FGIC has received various regulatory inquiries, requests for information and document preservation letters. In addition, FGIC is involved from time to time in various routine legal proceedings.

It is not possible to predict whether additional suits will be filed against FGIC, including suits as to which previously filed claims against FGIC have been dismissed, either voluntarily or by an order that has not

## NOTES TO FINANCIAL STATEMENTS

become final and non-appealable, or whether additional inquiries or requests for information will be made, and it is also not possible to predict the outcome of litigation, inquiries or requests for information. Management is unable to make a meaningful estimate of the amount or range of loss that could result from unfavorable outcomes but, under some circumstances, adverse results in certain proceedings could have a material and adverse impact on FGIC. Additionally, defending against lawsuits and proceedings and responding to inquiries and requests for information may involve significant expense and diversion of management's attention and other FGIC resources.

In addition to the lawsuits described above, FGIC has asserted, and from time to time may assert, claims in legal or arbitration proceedings against third parties to recover losses already incurred by FGIC or to mitigate future losses that FGIC may incur. The amount of losses that FGIC may recover or mitigate as a result of these proceedings is uncertain, although, in the event of favorable outcomes or settlements, such amount could be material to FGIC's results of operations, financial position, profitability or cash flows.

In *Financial Guaranty Insurance Co. v. Countrywide Home Loans, Inc.* (N.Y. Sup.Ct., Index No. 650736/2009, filed on December 11, 2009) (the "Countrywide Litigation"), FGIC sued Countrywide, alleging fraud and negligent misrepresentation by Countrywide and its affiliates in the origination of several RMBS transactions that closed in 2006 and 2007, and breach of contract in connection with Countrywide's failure to repurchase certain mortgage loans as provided by the operational agreements for those RMBS transactions, as well as a number of other RMBS transactions that closed in the period from 2004 to 2005. On April 30, 2010, FGIC filed an amended complaint adding Countrywide Financial Corp., Countrywide Securities Corporation, Countrywide Bank, FSB, and Bank of America Corporation ("BAC") as defendants. FGIC's complaint in the Countrywide Litigation alleges damages to FGIC in excess of \$1 billion.

In February 2010, Countrywide filed a motion to dismiss certain of FGIC's claims in its initial complaint. On June 15, 2010, Countrywide's motion to dismiss was generally denied by the court, but granted with respect to FGIC's claims based on negligent misrepresentation and the breach of the covenant of good faith. The court's ruling on Countrywide's motion to dismiss has become final since, on October 20, 2011, FGIC and Countrywide jointly filed a stipulation withdrawing their respective appeals of the court's ruling on Countrywide's motion to dismiss.

On June 3, 2011, BAC filed a motion for the severance of FGIC's successor liability claim against BAC from FGIC's other claims in this case, and the consolidation of the successor liability claim with similar claims that currently form parts of three other cases brought by bond insurance companies against Countrywide and BAC. On October 31, 2011, the court denied BAC's motion insofar as it applied to discovery, but held in abeyance the motion insofar as it applies to trial of the successor liability claim, until final submission of summary judgment motions on the successor liability claim in FGIC's or any of the other bond insurance companies' cases. BAC appealed the court's decision on BAC's motion to the Appellate Division of the N.Y. Supreme Court; on April 5, 2012, the Appellate Division unanimously affirmed the decision of the lower court.

In November and December 2011, FGIC initiated the following seven actions: (1) *Financial Guaranty Insurance Company v. GMAC Mortgage, LLC* (f/k/a GMAC Mortgage Corporation); *Ally Bank* (f/k/a GMAC Bank); *Residential Capital, LLC* (f/k/a Residential Capital Corporation) (S.D.N.Y. Case No. 11-cv-9729) (relating to GMACM Series 2006-HE1), which was amended on March 30, 2012, to include allegations against Ally Financial, Inc. (f/k/a GMAC, LLC); (2) *Financial Guaranty Insurance Company v. Residential Funding Company, LLC* (f/k/a Residential Funding Corporation); *Residential Capital, LLC* (f/k/a Residential Capital Corporation) (S.D.N.Y. ## NOTES TO FINANCIAL STATEMENTS

These actions were initiated by FGIC in New York state court, but have been removed to the U.S. District Court for the Southern District of New York.

In January and March 2012, FGIC initiated the following five actions: (1) Financial Guaranty Insurance Company v. Ally Financial, Inc. (f/k/a GMAC LLC); Residential Capital, LLC (f/k/a Residential Capital Corporation); Ally Bank (f/k/a GMAC Bank); and GMAC Mortgage, LLC (f/k/a GMAC Mortgage Corporation) (S.D.N.Y., Case No. 12-cv-0780) (relating to GMACM Series 2005-HE1); (2) Financial Guaranty Insurance Company v. Ally Financial, Inc. (f/k/a GMAC LLC), Residential Capital, LLC and Residential Funding Company, LLC (S.D.N.Y. Case No. 12-cv-1601) (relating to RASC Series 2007-EMX1); (3) Financial Guaranty Insurance Company v. Ally Financial, Inc. (f/k/a GMAC LLC); Residential Capital, LLC (f/k/a Residential Capital Corporation); Ally Bank (f/k/a GMAC Bank); and GMAC Mortgage, LLC (f/k/a GMAC Mortgage Corporation) (S.D.N.Y., Case No. 12-cv-1658) (relating to GMACM Series 2006-HE3); (4) Financial Guaranty Insurance Company v. Ally Financial, Inc. (f/k/a GMAC LLC); Residential Capital, LLC (f/k/a Residential Capital Corporation); Ally Bank (f/k/a GMAC Bank); and GMAC Mortgage, LLC (f/k/a GMAC Mortgage Corporation) (S.D.N.Y., Case No. 12-cv-1818) (relating to GMACM Series 2006-HE2 and GMACM Series 2007-HE2); and (5) Financial Guaranty Insurance Company v. Ally Financial, Inc. (f/k/a GMAC LLC), Residential Capital, LLC (f/k/a Residential Capital Corporation) and Residential Funding Company, LLC (f/k/a Residential Funding Corporation) (S.D.N.Y. Case No. 12-cv-1860) (relating to RFMSII Series 2006-HI2, RFMSII Series 2006-HI3, RFMSII Series 2006-HI4, RFMSII Series 2006-HI5 and RFMSII Series 2007-HI1) (together with the aforementioned actions initiated against Ally Financial, Inc. or its affiliates, the “Ally Financial Actions”).

In the Ally Financial Actions, FGIC variously alleges against the above entities, with respect to certain RMBS transactions (noted parenthetically in the case descriptions above), inter alia: (i) fraudulent inducement of the subject transactions, (ii) breaches of representations, warranties and affirmative covenants, (iii) breaches of the obligation to repurchase certain mortgage loans, (iv) breaches of the obligation to provide information to, and allow inspection of records by, FGIC, (v) improper transfer of additional mortgage collateral, and (vi) improper amendment of operative agreements.

On May 14, 2012, defendants Residential Capital LLC, Residential Funding Company, LLC, and GMAC Mortgage LLC filed for bankruptcy protection under Chapter 11 of the United States Bankruptcy Code. Pursuant to that bankruptcy filing, the Ally Financial Actions as against those defendants were automatically stayed. In addition, FGIC entered into a stipulation with defendants Ally Financial and Ally Bank to stay the Ally Financial Actions as against Ally Financial and Ally Bank, which was approved by the court on July 19, 2012, and which stay was continued through April 30, 2013.

In Financial Guaranty Insurance Company v. The Putnam Advisory Company, LLC (U.S. District Court for the Southern District of New York, filed October 1, 2012 and thereafter amended on November 19, 2012), FGIC sued The Putnam Advisory Company (“Putnam”), alleging fraud, negligent misrepresentation and negligence by Putnam in connection with the Pyxis ABS CDO 2006-1 transaction for which Putnam acted as collateral manager. On December 20, 2012, Putnam moved for dismissal of all of the claims in FGIC’s complaint. On February 8, 2013, FGIC filed its opposition to Putnam’s motion to dismiss.

In Financial Guaranty Insurance Co. v. Credit Suisse Securities (USA) LLC, et al. (N.Y. Sup.Ct., Index No. 651178/2013, filed on April 2, 2013), FGIC sued Credit Suisse Securities (USA) LLC (“CS Securities”) and DLJ Mortgage Capital, Inc. (“DLJ”), alleging, inter alia, that (i) CS Securities and DLJ fraudulently induced FGIC to insure the RMBS transaction known as Home Equity Mortgage Trust 2006-2 and (ii) DLJ breached various representations, warranties and affirmative covenants, including its obligation to repurchase breaching or fraudulent mortgage loans and to reimburse FGIC for payments made under the related FGIC policy.

### **Note 20 – Fair Value Measurement**

No significant SSAP 100 specifies a fair value hierarchy based on whether the inputs to valuation techniques used to measure fair value are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's assumptions about market participants' assumptions based on the best information available in the circumstances. In accordance with SSAP 100, the fair value hierarchy prioritizes model inputs into three broad levels: quoted prices for identical instruments in active markets are Level 1 inputs; quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets are Level 2 inputs; and model-driven valuations in which one or more significant inputs or significant value drivers are unobservable are Level 3 inputs.

The Company did not report any securities at fair value on the balance sheets as of March 31, 2013 and December 31, 2012.

### Bonds, Preferred Stock, Common Stock and Other Invested Assets

Any of the Company’s investments in bonds that are classified as NAIC rated 3 through 6 are recorded at lower of amortized cost or fair value as determined by the Securities Valuation Office. Short-term investments are classified at cost which approximates fair value. Unrealized gains and losses on these investments are recorded as a separate component of surplus.

Because many bonds do not trade on a daily basis, information and other data, including benchmark curves, benchmarking of like securities and matrix pricing, are utilized to value the securities. Inputs to the valuation process include benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and other reference data. Any investments in preferred or common stock of unaffiliated entities are valued consistent with the method used to value bonds.changes from 2012 Notes to Financial Statements.

### Note 21 - Other Items

#### FGIC Rehabilitation Proceeding

Based on FGIC’s continuing statutory insolvency and its inability to eliminate its policyholders’ surplus deficit, on June 11, 2012, the Superintendent of Financial Services of the State of New York (the “Superintendent”) filed a verified petition with the Rehabilitation Court for an order of rehabilitation (the “Rehabilitation Order”) pursuant to Article 74.

On June 28, 2012, the Rehabilitation Court issued the Rehabilitation Order (i) appointing the Superintendent as rehabilitator of FGIC (the “Rehabilitator”), (ii) directing the Rehabilitator to take possession of the property and assets of FGIC and to conduct the business thereof, and (iii) directing the Rehabilitator to take steps towards the removal of the causes and conditions which have made FGIC’s rehabilitation proceeding (the “Rehabilitation Proceeding”) necessary. The Rehabilitation Order also provides for certain injunctive relief during the continuation of the Rehabilitation Proceeding. FGIC consented to the commencement of the Rehabilitation Proceeding and, upon such commencement, the board of directors of FGIC resigned. The Rehabilitation Proceeding is currently pending before the Rehabilitation Court, styled as *In the Matter of the Rehabilitation of Financial Guaranty Insurance Company*, Index No. 401265/2012, and is assigned to the Honorable Justice Doris Ling-Cohan.

On September 27, 2012, the Rehabilitator filed with the Rehabilitation Court a proposed Plan of Rehabilitation for FGIC, which was thereafter amended on December 12, 2012 and was further modified on April 12, 2013 as described below (as amended, modified or supplemented to date, the “Rehabilitation Plan”). The goal of the Rehabilitation Plan is to treat FGIC’s policyholders in a fair and equitable manner while at the same time removing the causes and conditions that made the Rehabilitation Proceeding necessary. The Rehabilitation Court held a hearing on December 18, 2012, regarding, among other things, the Rehabilitation Plan and outstanding objections filed with the Rehabilitation Court with respect thereto, and to consider approval of the CDS Commutation Agreements (as such term is defined below). The Rehabilitation Court held another hearing on January 15, 2013, and a status conference on February 15, 2013, relating to those objections which remained outstanding. At the February 15, 2013 status conference, the Rehabilitator advised the Rehabilitation Court that he had reached an agreement with certain trustees that had objected to the Rehabilitation Plan regarding certain proposed amended terms of the Rehabilitation Plan and that, subject to the trustees withdrawing their objections, the Rehabilitator would file and seek approval of the agreed upon revisions. On April 12, 2013, such trustees withdrew their objections and the Rehabilitator filed with

## NOTES TO FINANCIAL STATEMENTS

the Rehabilitation Court the revised Rehabilitation Plan incorporating such amended terms. The Rehabilitator has continued to pursue resolution of certain of the remaining objections, and the Rehabilitation Court adjourned the hearing, which had been scheduled for April 30, 2013, to consider approval of the Rehabilitation Plan, including approval of the Novation Agreement (as such term is defined below), to June 11, 2013 to allow further progress.

In an effort to mitigate its liabilities and increase recoveries for policyholders, as contemplated by the Rehabilitation Plan, FGIC entered into agreements (the “CDS Commutation Agreements”) with all counterparties to credit default swaps (“CDS”) insured by FGIC whose CDS had not previously been terminated (as well as Société Générale, whose CDS had been terminated but which termination was the subject of litigation between FGIC and Société Générale in the U.S. District Court for the Southern District of New York (*Société Générale v. Financial Guaranty Insurance Co., et al.*, 10 Civ. 0472 (NRB)) (collectively, the “CDS Counterparties”), pursuant to which the CDS Counterparties and FGIC agreed, subject to approval by the Rehabilitation Court and the other terms of such agreements, to terminate all their FGIC-insured CDS and all the related FGIC policies, and to mutually release all related obligations, claims and liabilities, in exchange for payments by FGIC aggregating approximately \$176.4 million (the “Payment Amount”). Following the hearing held by the Rehabilitation Court on December 18, 2012, the Rehabilitation Court approved the CDS Commutation Agreements by Order dated December 19, 2012. FGIC paid the Payment Amount pursuant to the CDS Commutation Agreements on December 19, 2012, upon which payment the CDS and the related FGIC policies were terminated and FGIC and the CDS Counterparties were released from all obligations, claims and liabilities thereunder or relating thereto. Accordingly, based on a joint stipulation filed by FGIC and Société Générale following such payment, the litigation referred to above was dismissed by the court with prejudice and without costs.

In a further effort to mitigate its liabilities and increase recoveries for policyholders, as part of the Rehabilitation Plan, FGIC entered into a Novation Agreement dated as of September 14, 2012 (the “Novation Agreement”) with National Public Finance Guarantee Corporation (“National Public”), pursuant to which they have agreed, subject to approval by the Rehabilitation Court and the other terms of such agreement, to novate the National Public Reinsured Policies (as defined below) from FGIC to National Public. Pursuant to a Reinsurance Agreement dated as of September 30, 2008, National Public provides FGIC with reinsurance on FGIC policies covering U.S. public finance credits with total NPIF of approximately \$107.0 billion as of December 31, 2012 (collectively, the “National Public Reinsured Policies”). However, as the issuer of the National Public Reinsured Policies, FGIC continues to be directly responsible for all obligations under the National Public Reinsured Policies and, as such, FGIC is subject to the risk that National Public is unable or unwilling to perform its reinsurance obligations relating to the National Public Reinsured Policies. Should the proposed novation be approved by the Rehabilitation Court, (i) National Public (rather than FGIC) would thereafter be the issuer of the National Public Reinsured Policies and would be directly responsible for all obligations under the National Public Reinsured Policies and (ii) FGIC would be released from all obligations thereunder.

Although the Rehabilitator believes that the implementation of the Rehabilitation Plan, including consummation of the transactions contemplated by the Novation Agreement, is fair and equitable and in the best interests of FGIC’s policyholders and other creditors, there can be no assurance that the Rehabilitation Court will reach the same conclusion and approve the Rehabilitation Plan, that further modifications of the Rehabilitation Plan may not be required for approval thereof (whether based on objections filed with the Rehabilitation Court or otherwise), that approval of the Rehabilitation Plan will not be overturned on appeal or that the Rehabilitator may not of his own initiative withdraw or further modify the Rehabilitation Plan for any reason. Accordingly, no assurance can be given as to whether, when or to what extent any claims may be paid by FGIC.

If the Rehabilitator at any time prior to the effective date of the Rehabilitation Plan (the “Effective Date”) determines that efforts to rehabilitate FGIC would be futile, whether pursuant to the Rehabilitation Plan or otherwise, the Rehabilitator may seek to convert the Rehabilitation Proceeding into a liquidation proceeding under Article 74. Such a conversion could materially adversely impact FGIC and the amount and timing of recoveries by FGIC’s policyholders.

Should the Rehabilitation Court approve the Rehabilitation Plan, any failure of the Rehabilitation Court to approve the Novation Agreement could cause cash payments pursuant to the Rehabilitation Plan on account of policy claims to be substantially reduced and/or delayed.

Should the Rehabilitation Court approve the Rehabilitation Plan, there can be no assurance as to whether or when all the conditions to the Effective Date will be satisfied or waived by the Rehabilitator. Events that may

## NOTES TO FINANCIAL STATEMENTS

delay the Effective Date (or prevent it from occurring) include appeals of the Rehabilitation Court's order approving the Rehabilitation Plan.

Should the Effective Date occur, FGIC will emerge from this Rehabilitation Proceeding as a solvent insurance company under the Insurance Law and the Rehabilitation Plan will be the exclusive means for resolving and paying (i) all policy claims, whenever arising, (ii) all other claims arising during, or relating to, the period prior to the Effective Date and (iii) all equity interests in FGIC in existence as of the date of the Rehabilitation Order (June 28, 2012), in each case other than claims (including policy claims) paid in full by FGIC prior to the date of the Rehabilitation Order. Claims arising during or relating to the period on and after the Effective Date (other than policy claims) are not covered by the Rehabilitation Plan and will be resolved and paid by FGIC in the ordinary course of business. Based on the magnitude of FGIC's accrued and projected policy claims, FGIC expects to make payments in cash pursuant to the Rehabilitation Plan of a fractional percentage of its policy claims and it does not expect to make any payments pursuant to the Rehabilitation Plan with respect to non-policy claims (other than in respect of administrative expenses and certain other costs) or equity interests. The percentage of policy claims that FGIC ultimately pays in cash in accordance with the Rehabilitation Plan, and the timing of any such payments, is subject to various factors and the outcome of future events, including any further modifications to the terms, requirements or conditions of the Rehabilitation Plan, the performance of FGIC's insured and investment portfolios and the results of FGIC's litigation and other loss mitigation efforts, and no assurance can be given with respect to the amount of any such percentage or the timing of any such payments.

The summaries of the Rehabilitation Plan included in these financial statements do not include all the specific terms, requirements or conditions of the Rehabilitation Plan. The specific terms, requirements and conditions of the Rehabilitation Plan that is approved by the Rehabilitation Court will govern, rather than any summary description contained in these financial statements.

### Assessment of the Company's Ability to Continue as a Going Concern

As a result of uncertainties associated with the Rehabilitation Plan described in the FGIC Rehabilitation Proceeding section of this Note, including the continuing risk that the Rehabilitator at any time prior to the Effective Date may determine that efforts to rehabilitate the Company would be futile, whether pursuant to the Rehabilitation Plan or otherwise, and may seek to convert the Rehabilitation Proceeding into a liquidation proceeding under Article 74, management has concluded that there is substantial doubt about the ability of the Company to continue as a going concern. The Company's financial statements as of March 31, 2013 and 2012 and for the three month period ended March 31, 2013 and 2012 are prepared assuming the Company continues as a going concern and do not include any adjustment that might result from its inability to continue as a going concern.

### Business Restructuring

In connection with a workforce reduction in 2008, the Company ceased using approximately 50% of its leased office space in 2008. Further, in 2009, the Company ceased using an additional 25% of its leased office space. In February 2010, the Company subleased approximately two-thirds of the unused office space and in June 2012, the remaining unused office space was also subleased.

Beginning in 2008, the Company recorded a liability for the unused leased office space, representing the Company's obligation for the remaining lease term reduced by estimated sublease rentals. The liability is adjusted in each period to reflect revisions to estimated net cash flows. The liability is recorded as a component of "Accounts payable and accrued expenses" on the Balance Sheets and the corresponding (expense) benefit is recorded in "Other underwriting expenses incurred" in the Statements of Operations. "Other underwriting expenses incurred" in the Statements of Operations include a (expense) benefit related to vacated office space for the three month period ended March 31, 2013 and 2012 of \$(0.2) million and \$0.4 million, respectively.

### Note 25 - Change in Incurred Losses and Loss Adjustment Expenses

Activity for loss and loss adjustment expenses (LAE) reserves is summarized as follows:

	March 31, 2013	December 31, 2012
	<i>In thousands</i>	
Net balance at beginning of period	\$ 3,896,430	\$ 4,992,866
Incurred related to:		
Current year	–	2,710
Prior years	109,233	(980,269)
Total incurred	109,233	(977,559)
Recovery (paid) related to:		
Current year	–	2
Prior years	38,633	(118,879)
Total recovery (paid)	38,633	(118,877)
Net balance at end of period	\$ 4,044,296	\$ 3,896,430

Loss and LAE reserves have increased to \$4.0 billion at March 31, 2013 from \$3.9 billion at December 31, 2012. The net loss and loss adjustment expense activity for the first quarter of 2013 was mainly attributable to incurred losses for RMBS backed by first lien mortgage loans driven by steeper LIBOR curves, partially offset by a reinsurance commutation settlement. Loss reserves were discounted at 2.78% and 2.72% at March 31, 2013 and December 31, 2012, respectively. The reserves at March 31, 2013 relate predominantly to RMBS transactions.

Pursuant to applicable reinsurance agreements, upon the commencement of the Rehabilitation Proceeding, the reinsurance assumed by FGIC’s reinsurers is payable on the basis of the liability of FGIC under the related reinsured policies, without diminution because of insolvency of FGIC or because FGIC or the Rehabilitator has failed to pay all or a portion of any claim. During 2013, FGIC received funds from reinsurers in payment of their proportionate reinsurer’s share of claims on reinsured policies, which decreased the reinsurance receivable, thus increasing the net loss reserve liability.

As of March 31, 2013, the Company has received, but as a result of the 1310 Order and the Rehabilitation Order, has not paid \$2.3 billion in claims which is included in “Loss Reserves” on the Balance Sheet.

The Company recorded an incurred loss, net of reinsurance, of \$30.3 million and \$0.5 million on its guarantees of sewer revenue warrants issued by Jefferson County, Alabama (the “Jefferson County guarantees”) for the three month period ended March 31, 2013 and 2012, respectively. At March 31, 2013 and December 31, 2012, the loss reserve, net of reinsurance, was \$127.2 million and \$97.3 million, respectively. The estimated incurred losses were necessarily based upon estimates and subjective judgments about the outcomes of future events, including the County’s Chapter 9 bankruptcy filing on November 9, 2011. The incurred losses will be adjusted as additional information becomes available and differences between estimated and actual results may be material. At March 31, 2013, the net principal outstanding on the Jefferson County guarantees was \$1.4 billion.

FGIC’s liability in RMBS, Asset Backed Securities (“ABS”) and other securitization transactions is governed by the structure of the waterfall of cash flows in the transaction documents. In certain cases, these transaction

## NOTES TO FINANCIAL STATEMENTS

documents are subject to interpretation. Loss reserves have been established based on the impact that the performance of the underlying collateral has on FGIC's duty to support the cash flows of the transaction. If the Company identifies credit impairment, a provision for loss and loss adjustment expense is recorded. At each reporting date, loss reserves are evaluated and may be adjusted to reflect the impact of any loss mitigation efforts, including the purchase of, or the effective removal of insurance coverage on, FGIC insured securities by FGIC, that have yielded results that are probable and estimable. The Company believes that the reserve for estimated losses as of March 31, 2013 is adequate to cover expected future net claims. However, the establishment of the appropriate level of reserves is an inherently uncertain process involving numerous estimates and subjective judgments by management.

Small changes in the assumptions underlying these estimates could result in significant changes in the Company's loss expectations. At present, there remains a considerable amount of uncertainty relating to risks in real estate prices, credit markets and the economy as a whole, and there is no historical precedent for the current conditions. There can be no assurance that the Company's estimates of probable and estimable losses are accurate. Accordingly, there can be no assurance that actual claims paid by the Company will not exceed or be less than its reserves at March 31, 2013, and it is possible that they could significantly exceed those reserves. Additionally, further deterioration in the performance of RMBS and other obligations the Company insures could lead to the establishment of additional loss reserves and further loss or reduction to income. The Company's loss and loss adjustment expense reserves do not reflect the impact of any termination agreements that have been entered into but not completed and the potential impact, if any, of additional ongoing commutation, settlement and restructuring efforts by the Company. There can be no assurance that any loss mitigation efforts will be successful, and it is not possible to predict the magnitude of any benefit that might be derived from any such efforts that are successful.

The Company evaluates the portfolio of insured financial obligations on a regular basis to determine if there has been credit deterioration. The Company evaluates such factors as rating agency downgrades, significant changes in a specific industry or specific events impacting a particular credit, such as a negative credit event, performance below expectations, breaches of representations, warranties, covenants or deal triggers, changes of management, regulatory changes, material litigation or other legal issues. Based on the evaluation of these factors the Company assigns credits to risk ratings categories, which then determines the level of on-going monitoring and surveillance efforts required, and whether loss reserves are recognized.

The Company uses the following risk categories to define and monitor insured financial obligations:

### **Risk Category 1 – Performing Credits**

Transactions are performing with no expectation of loss. Financial strength of the transaction would enable it to withstand volatility in performance without risk of non-payment on timely debt service. Transactions are considered to be investment grade by the Company. Although rating changes may occur, it is not expected that a downgrade would be to below investment grade.

### **Risk Category 2 – Watchlist Credits Under Heightened Surveillance**

Credits in this category typically would be considered marginal investment grade or higher rated "non-investment grade". Credits in this risk category have been determined to require heightened surveillance, taking into account the totality of circumstances surrounding the particular credit, but have not deteriorated to the level that they would be considered impaired and require a loss reserve.

### **Risk Category 3 – Watchlist Credits Experiencing Credit Deterioration**

Credit deterioration has occurred and there is substantial uncertainty as to the credit's ability or willingness to pay its debt service obligations in a timely manner. Credits in this category typically would have suffered sustained negative trends or would have been the subject of a significant adverse event, but are currently not in payment default. Credits in this category have been determined to be impaired, and there is an increased probability of default.

### **Risk Category 4 – Watchlist Credits Currently or Likely to Be in Payment Default**

Credits that have deteriorated to the point where payment default on their debt service obligations has occurred or is probable and the ultimate loss can be reasonably estimated. Reserves are established on a case basis and are inclusive of any anticipated recoveries from the particular credit or the related collateral. Credits in this category

## NOTES TO FINANCIAL STATEMENTS

would be consistent with the lowest or in-default credit ratings. Credits in risk category 4 are reviewed and updated on at least a quarterly basis for any change in status.

The following table is a breakdown, as of March 31, 2013, of the Company’s portfolio of insured financial obligations assigned to risk category 4.

	Risk Category 4

The Company’s insured financial obligations are structured to provide for rights and remedies in order to mitigate claim loss exposure. Loss mitigation activities may include making repurchase claims or pursuing other claims for breaches of representations and warranties by the originator or others, obtaining appraisals of collateral or reviews of loan files, enforcing collateral provisions and covenants of the servicer or others, more frequent meetings with the issuer or servicer, evaluating the financial position of the originator or servicer, renegotiation of financial covenants, triggers, or terms of servicing, enforcing rights to remove and replace the servicer, evaluation of restructuring plans or bankruptcy proceedings, and in some cases, litigation or arbitration as and where appropriate.

In January 2013, following approval by the Rehabilitation Court and the satisfaction of all other conditions to closing, Radian Asset Assurance Inc. (“Radian”) paid approximately \$52.3 million to FGIC pursuant to a reinsurance commutation agreement entered into by FGIC and Radian in November 2012 (the “Radian Commutation Agreement”), and FGIC reassumed approximately \$732.8 million of par exposure and \$38.3 million of loss reserves previously ceded to Radian. In accordance with SSAP No. 62, *Property and Casualty Reinsurance*, FGIC will recognize a net underwriting gain of approximately \$3.3 million from the completion of the Radian Commutation Agreement in the quarter ending March 31, 2013.
